

Dear Club Members, December 30, 2002

Our last meeting was held on December 14th. We had a Yankee Swap Christmas party following the meeting. 27 club members attended.

Meeting Minutes:

- Frank and Mark Noyes spent a day at the Mt. Washington Hotel testing out the BR180 Bombardier groomer.
- If we were to get approved for the RTP Grant and Grant In Aid for this groomer we would have a balance of \$27,200.
- Officers have gone over time and money spent on the 1982 Tucker and we are finding we are spending good money after bad. We are spending just as much on repairs as we would making monthly payments on a new one.
- The big vote on the new groomer is 100% YES.
- We need to look into insurance. If the insurance goes over \$3,000 a year a new decision may possibly be made.
- We will be purchasing a fuel tank \$150.00 to have at Frank French's. The trail down to his house was widened so the groomer can go down and fuel up.
- The club will also be paying for AOL on the club computer. It is currently \$28.90 but we will be looking for a new online service.

Upcoming Events:

Special Notes:

- Super Raffle tickets must be turned in by January 15th. Everybody has done a great job. Thank You to all!
- If you know of anyone that wants to join a club and is in a hurry for the card to register you can do both at Outdoor Performance, Newfound Super Sports, and Maddock's Market.
- The groomers have been out and doing a great job.

Sincerely

Melissa Getman
