

Dear Club Members,

I'm happy to say we have gotten a lot of comments on how excellent our trail system has been this year. Thank You to our groomer drivers who have spent numerous hours in these groomers.

Our last meeting was held on January 11th. We had 30 members attend. The following issues were discussed.

- We had a Grand total of \$834.50 from the chowder and stew supper.
- We talked about some new fundraiser strictly for the new groomer. We will be doing a money raffle (1st-\$300, 2nd-\$200, 3rd-\$100) This raffle will be held in February and drawn at the April meeting. Mark Noyes would like to do an Equestrian Ride.
- The balance in the treasury is \$5,157.63.
- We should be receiving a check from summer grant in aid and a grooming check.
- We will not be getting the new groomer until we receive funds.
- We may need to call and see if we can apply for more grooming hours this year.
- The total for the insurance with the new groomer would be \$2,800 a year.
- Orange Rd. is a class six road so it will not be closed down this year.
- We voted to open a savings account strictly for the groomer.
- Garvin Eastman and Family has offered to donate their time in setting up a new website.
